## **TORONTO** **"Lookin' For Trouble"**

Album Cover Without Type

TORONTO

LOOKIN' FOR TROUBLE

SP 4821 (list price: \$7.98)

PRODUCER: Bill Henderson, Brian McLeod

THE ARTIST: This six member band (two Canadians, four Americans) is based in Toronto. They met in Toronto, which, significantly, is the Indian word for 'meeting place.' Members of the group include Holly Woods (lead vocals), Jim Fox (drums), Brian Allen (guitar), Sharon Alton (guitar), Nick Costello (bass) and Scott Kreyer (keyboards).

Toronto is known as a powerful performing band whose hard-driving rock & roll is presented excitingly on stage in colorful attire. Unique features of the band include two women with 'gutsy rock deliveries', and dual lead guitars.

THE RECORD: 'Lookin' For Trouble' was recorded at Sounds Interchange in Toronto. It was produced by Bill Henderson and Brian McLeod. Principal writers on this debut effort are group members Alton and Allen. Their style is described by the band as 'rock & wave.' Our own Robin Geoffrey Cable remixed the album.

## **CHRIS DE BURGH** **"Eastern Wind"**

Publicity Photo

CHRIS DE BURGH

EASTERN WINDS

SP 4815 (list price: \$7.98)

PRODUCER: David Anderle

THE ARTIST: Chris de Burgh's first four albums have established him as a Platinum act in such countries as Canada, Brazil, Ireland and South Africa. His success has been due to the quality of his music as well as the "grace and riveting emotion" of his live performances. He has often opened for Supertramp.

THE RECORD: This album was recorded at Manta Sounds in Toronto under the guidance of David Anderle. It represents a definite departure for Chris in the sense that, while he continues to comment on life and love, you will appreciate the edge and conviction in his approach. This is definitely rock & roll.

## **YELLOW MAGIC ORCHESTRA** **"Solid State Survivor"**

Album Cover Without Type

YELLOW MAGIC ORCHESTRA

SOLID STATE SURVIVOR

SP 4813 (list price: \$7.98)

PRODUCER: Haruomi Hosono

THE ARTIST: YMO's first A&M release brought a breakthrough for Japanese rock in the U.S. 'Computer Games' was a Top 20 R&B/Top 60 Pop single, while the album reached the Top 100. Strong markets included Detroit, Atlanta, Miami, Buffalo, Baltimore/Washington D.C., Chicago, New York and Philadelphia as well as the Ohio market. The group's East and West Coast tours generated considerable excitement in L.A., Boston and New York. A worldwide tour is now being scheduled, and it will include the U.S. in September and October, 1980.

THE RECORD: This album shares its title with the current Japanese import, but features two new tracks, "Citizen of Science" and the AOR-oriented "Nice Age." The danceable "Technopolis" and the multi-format possibility, "Day Tripper" (re-make of the Beatles tune) are strong cuts.
