## **THE POLICE: MESSAGE IN A BOX**

On **SEPTEMBER 27TH 1993**, A&M unveil a unique collectors item, 4-CD box-set of every song **THE POLICE** ever recorded.

Entitled, "**MESSAGE IN A BOX**" and featuring over 4½ hours of music, the set captures the complete **POLICE** story from its 1977 beginnings ("*Fallout*" featuring *Henry Padovani* on guitar) right through to their re-recording of "**Don't Stand So Close To Me**" in 1986 for that year's "*Singles*" Collection. All tracks have been digitally remastered from the original master tapes wherever possible.

Included among the rarities and oddball archive material are **POLICE** instrumental contributions to the "**Brimstone And Treacle**" soundtrack, a '79 live version of "**Landlord**" only available on an A&M Propaganda compilation and a live 1980 rendition of "**Driven To Tears**" only featured on an *Urgh!* compilation.

Lavishly illustrated and featuring a 64 page booklet of memories, anecdotes and unpublished pictures about the period from all three ex-**POLICE** members, "**MESSAGE IN A BOX**" is anticipated to retail at just under £40.00.
