## **DODGY IN PARK FRENZY**

Dodgy, whose highly-acclaimed 'HOMEGROWN' album looks to be staying out for the Summer - it entered the UK top 30 this week for the first time since release - have been confirmed as headline act at the **GOSPORT FESTIVAL '95 on SATURDAY 29TH JULY at WALPOLE PARK, GOSPORT.**

The band will head a bill that also includes Salad, S.M.A.S.H. and Powder, and tickets are on sale now priced £10 from the Box Office (01705 863911) and all usual agents.

The show will be the band's penultimate UK performance - the last will be on the main stage at Glasgow's T In The Park on Saturday August 5th - before commencing on the follow-up to 'HOMEGROWN'.

Dodgy's rapidly expanding audience was treated to a brilliant performance at last month's Glastonbury Festival, where the band's vast array of much-sought after merchandise also went down a storm, Dodgy t-shirts being second only to Oasis in the number sold over the weekend.
