## THERAPY? CUT LOOSE

*"A work of pure dark genius... Therapy? are ready for anything"*

**Q - 5 stars**

*"Quite simply. A classic..."*

**Kerrang! - 5Ks**

Therapy? Unleash a new cut from their highly-acclaimed 'INFERNAL LOVE' opus when A&M release '**LOOSE**' on **July 17TH**.

Described by bassist Michael McKeegan as a "*big brash Summer racket with a Beach Boys chorus*", '**LOOSE**' was written by frontman/guitarist Andy Cairns and produced by Al Clay.

'**LOOSE**' is available in three formats: a standard CD which adds two brand new Cairns' songs in 'Our Love Must Die' and 'Nice-Guys' plus an already much in-demand Photek remix of '**LOOSE**'.

A second CD, available on July 24th, harnesses '**LOOSE**' to live recordings of 'Troublegum' tracks 'Die Laughing', 'Nowhere' and 'Unbeliever', recorded on the band's UK tour last month.

A limited edition cassette single, offering the same tracks as the first CD, will also be available.

Therapy?, currently storming the European festival circuit alongside the likes of REM and The Cure, return to the UK in August for a second-on-the-bill Mainstage performance on **SATURDAY AUGUST 5TH at GLASGOW's T-IN-THE-PARK.**
